

Balers

203 AND 72 SERIES

Horizontal Auto Tie Balers

POWERFUL HIGH DENSITY BALERS FOR THE MOST DEMANDING APPLICATIONS

Industry leaders for more than 40 years

C-TEC is the gold standard for powerful, reliable, and durable balers. C-TEC 203 and 72 series balers provide fast, efficient baling with versatility.

Versatile to suit your application

- Completely unattended operation
- Wide range of bale cross-sections and in-feed hopper sizes available
- Advanced Automatic Tying (no hydraulics)
- Variable-length baling to meet storage and shipping requirements
- Manufactured with brand name components
- Full range of options available for all models
- Available as a stand alone unit, or as part of a complete baling system (pneumatic scrap system, conveyor feed or cart tipper)

*The Horizontal Auto Tie Baler
is ideal for:*

Box Manufacturing • Plants • Printers • Breweries
Paper Converters • Tissue and Paper Mills
Distribution Centers • Manufacturing Plants
Documentation Destruction Centers

Virtually any scrap material!

**Big On Power.
Engineered with Innovation.
Built to Last.**
